Neuroscience Journal Club

Friday, October 8, 2010
Rock Hall Aud. – Mission Bay
4:00pm
Beer/Social time after talks

Robyn Javier, Kreitzer Lab
So Much Drama with the LTP
Schonewille, M., et. al.
Neuron. 2010. 67(4):618-628
“Purkinje Cell-Specific Knockout of the Protein Phosphatase PP2B Impairs Potentiation and Cerebella Motor Learning
Faculty Coaches: Steve Lisberger and Roger Nicoll

Su Gou
Adult Neural Stem Cells in the Fish Brain
Chapouton, Prisca, et. al.
Journal of Neuroscience. 2010. 30(23):7961-7974
“Notch Activity Levels Control the Balance between Quiescence and Recruitment of Adult Neural Stem Cells.”
